## EXPERT TESTIMONY RIVETS ATTENTION IN BLAZIER TRIAL

High sounding terms are used by alienists in testimony.

### DEFENSE TO REST CASE LATE TODAY

Case will not reach jury until late this week it is believed.

Littleton, Colo., Nov. 10.—Expert testimony continued today to rivet the attention of jury and spectators in the dramatic trial of Dr. Harold Elmer Blazer for the alleged "murder for pity" of his idiot daughter, Hazel Ingrid Blazer, in district court here.

The warm sympathy and electric tenseness that has characterized the unfolding of the emotional, heart throbbing story of the circumstances preceding and surrounding the "humane homicide" as related by the tall, gaunt defendant himself and his second daughter, Mrs. Frances Bishop, was displaced today by twitters and outbursts of laughter as attorneys and alienists clashed over opinions and descriptions of temporary insanity.

High sounding terms of "psychical automatism," "clouded amnesia," "hysterical somnambulism," "mechanical insanity," and "migraine" sounded through the little court room as the testimony of the alienists was heard.

#### Defense Scores

The defense scored late yesterday when Dr. Daniel E. Phillips, professor of psychology at Denver University, and Dr. Cyrus Pershing, noted specialist in nervous and mental diseases, got before the jury statements that, in their opinion, the defendant "was not able to distinguish between right and wrong" when he killed his imbecile "human husk" daughter by pressing to her nostrils cloths saturated with chloroform.

The opinions were based on a lengthy hypothetical question propounded by defense counsel.

Dr. Howell T. Pershing of Denver, a brother of Dr. Cyrus Pershing, is scheduled to take the stand as the final defense alienist today. The defense will then rest its case, according to Attorney Lewis D. Mowry.

Bitter wrangling over the expert testimony was expected again today and prospects were the case would not reach the jury until late this week. Wednesday, Armistice day, is a legal holiday in Colorado and court will recess over that day.

### BLAZER'S FRIEND NOT SURPRISED AT MURDER FOR LOVE

## Asks Congregation To Vote On Putting Him To Death

Denver, Colo., Nov. 10.—Members of the board of directors of the Liberal church here, this morning announced that a vote of 9 to 1 in favor of "warm blooded murder" of Barney Haughey, 66-year-old Denver attorney, had been polled by their organization.

Denver, Colo., Nov. 10.—An amazing sidelight to the sensational Blazer trial in progress at Littleton was revealed here, today when it was learned that Barney Haughey, 66, a Denver attorney, single tax advocate and active in local political circles, had asked the congregation of the church of which he was a member to take a vote on whether he should be "put to death."

Haughey is confined in a local hospital suffering from what is believed to be cancer of the stomach.

Bishop Frank H. Rice of the Liberal church, today declined to make public the result of the vote which he said, was registered last Sunday.

Haughey declared he had made the unusual request because of the deep interest he had taken in the trial of Dr. Harold E. Blazer for the slaying of his helpless daughter.

"I have been in this hospital for a month," Haughey declared. "And since the Blazer trial started I have given deep thought to the problem of physically and mentally unfit. If my case is hopeless, if there is nothing in the future for me but abject misery and pain, it seems to me that immediate death would be the best solution. If there is no hope I do not see why I should not be permitted to die."

### COUNCIL VOTES TO DISMISS 25 OF 30 POLICEMEN

Ashland, Ky., Nov. 10.—Ashland, today, was in a serious mixup as a result of differences between city council and the police department.

Council voted last night to discharge Chief of Police W. P. Gainer, and 25 other members of the department, which has only 30 members.

The police learned that such action was contemplated and secured in circuit court temporary order restraining council from carrying out the wholesale dismissals.

Whether the order will be made permanent, will be argued in court next Monday.

### Line Of March For Parade On Armistice Day Is Announced.

Owing to the fact that the time is too short, the driving being put on by Charles H. Carey post No. 56, American Legion, for a home and equipment and a burying plot in Grandview Burial park, will not close Wednesday evening, as previously planned, but will be continued until Friday evening, in order to give the workers time to call on all prospects, and on that night close with a fish banquet.

The Armistice day banquet will be held Wednesday evening, followed by George Shelton's address at the M. E. church.

Team captains in charge of the American Legion drive for \$30,000 report very favorable returns at the conclusion of the first days campaign. Figures were not available this morning but donations Monday are expected to run up well in the thousands.

The largest gift received up to date was from Carey Bolger of New York City, former Salem boy, who contributed \$5,000 to the fund.

The Armistice day parade will form on Broadway south of Pershing at 1:30 p. m. From this point the line of march will proceed up Broadway to Main, turning at Hawley and marching down High to Garfield. From Garfield the original course will be retraced west on Main to Broadway where it will disband.

These assembly points have been designated for the following organizations:

Martial and Aides, Color Guard.

New Steel Orders On  
Upgrade, Report Says

New York, Nov. 10.—Forward orders of the United States Steel corporation on Oct. 31 aggregated 4,109,183 tons, an increase of 391,886 tons from that of Sept. 30, the corporation announced today in its monthly statement.

This compares with 3,717,297 tons unfulfilled business on Sept. 30, 1925; with 3,512,803 on Aug. 31 of this year, and 3,525,276 on Oct. 31, 1924.

Severe Earthquake Recorded By Graph

New York, Nov. 10.—An earthquake of more than usual intensity was recorded on the seismograph of Fordham University today. Estimates placed the scene of the disturbance approximately 5,000 miles from New York.

The disturbance began at 9:25 and continued until after 11 o'clock, reaching its greatest intensity at 10:05 a. m.

Ten Hurt In Wreck

Plainfield, Ind., Nov. 10.—A collision between two interurban cars of the Terre Haute, Indianapolis and Eastern Traction company as vehicles, near here, resulted in the injury of ten persons, none seriously, to day.

Most of the injured were from Plainfield.

Mrs. Fratilla Making Arrangements To Pay Fine Of \$500.

Mrs. Mary Fratilla, 255 Broadway, arrested Saturday by Chief of Police Thompson and two state men on a charge of possession, was fined \$500 and costs by Mayor George Russell at her hearing Monday afternoon.

Mrs. Fratilla is making arrangements to settle the fine and pending this is at liberty under \$2,000 bond.

When the officers raided the Fratilla soft drink establishment on lower Broadway, which the woman conducts jointly with her husband, they discovered a small amount of moonshine in a rear room. The woman succeeded in dumping a portion of it before the officers could intervene but enough was secured to result in the woman's conviction.

Mrs. Fratilla was arraigned and fined several months ago on a similar charge and Alex Fratilla, her husband, was recently fined \$500 and costs when police and dry agents discovered a 300-gallon liquor tank beneath the floor of their garage.

Youths Arrested As Drug Store Robbers

Cleveland, Nov. 10.—Captured after a long fight in which many shots were fired by pursuing police, two Cleveland youths said to have confessed participation in many recent robberies, were arrested early today, while a companion escaped by leaping down a 70-foot embankment at Madison ave. and Rocky river. He is believed to have been wounded and a police guard has been placed at his home.

The youths were arrested when they attempted to break into a Lakewood drug store.

Annual Red Cross Meeting Tonight

The annual meeting of the Salem chapter, American Red Cross, will be held at 7:30 tonight at the Memorial building. Officers will be elected and plans discussed for the annual recall of members. All members and all interested in Red Cross work are urged to attend this meeting.

### Choosing Books For Youths Is Great Responsibility He Says

Supt. Alan Opens Book Week With Talk At Memorial Bldg. Monday.

"It is a wonderful responsibility to choose books for young people to read, for some lives have been ruined by the reading of a book, while in other lives the reading of a book can be making."

J. S. Alton, superintendent of Salem's public schools, expressed this opinion in a talk on "Books I Have Read" Monday afternoon at the Memorial building.

This was the first of a series of three meetings arranged for this week to observe Better Book Week, Nov. 8 to 14. The public is invited to all the meetings.

## CHARGES AUSTRIA HAS AIR BASE IN CENTRAL AMERICA

Captain Oldys Of The War Department Makes Charge At Mitchell Trial.

### "NO STEPS TAKEN" TO BLOCK INVASION

Courtroom In Furore As Defense Witness Scores At Morning Session.

Washington, Nov. 10.—European air organization has gained a foothold in Guatemala within easy flying range of the great Panama defenses, Captain Robert Oldys of the war plans section of the war department, testified today at the court martial of Col. William Mitchell on charges of "conduct prejudicial to military discipline."

Called as a defense witness to substantiate Mitchell's criticisms of the administration of aviation, Oldys testified the war department failed to take any steps to block the alien invasion of Guatemala.

#### No Action Taken

The department, Oldys said, took no steps even through the American minister to Guatemala had officially called the attention of the government to the situation with its danger to Panama canal defenses.

Mitchell hoped Oldys' testimony would bear out his charges of an "almost treasonable administration" of America's air resources.

It was learned that an Austrian-German owned aircraft corporation secured the foothold in Guatemala, although Col. Sherman Moreland, trial judge advocate, strenuously objected to a discussion of the subject.

Oldys produced a mass of war department documents to support his testimony. These records, consisting chiefly of letters to and from the American minister to Guatemala, were offered in evidence but Moreland blocked the reading of them by objections. He contended they were confidential documents.

## GERMANY MAY SEE PROHIBITION DRIVE

Reichstag Bill Providing For Local Option Is First Move.

Berlin, Nov. 10.—Germany today finds itself threatened with a real campaign for prohibition.

For years prohibitionists have been

driven into obscurity in beer-loving Germany, but now it appears that they are about to have a chance to test public sentiment.

The first move towards prohibition has been made by the introduction of a bill in the Reichstag, providing for local option. This bill, fathered by German "dry," will be taken up by the Reichstag in December and it will be given an opportunity for serious consideration.

Heretofore the Reichstag has refused to consider the question of prohibition seriously, debates on alcohol percentage of beer even having been laughed off the floor. Now however, leaders admit that the question must be given serious consideration.

## MASONIC LODGE ELECTS OFFICERS

Salem City Lodge No. 698, F. & A. M., at its session Monday evening at Masonic temple selected these officers:

Worshipful master, E. E. Enderlin; senior warden, J. H. Campbell; junior warden, A. S. Brinkworth; secretary, John T. Burns; treasurer, E. M. Peters; senior deacon, C. H. Cobourn; junior deacon, Frank K. Nowell; tyler, W. H. Bradley; trustees, C. G. Burton, L. Frank Smith, Phil Chanceller.

It was decided to have a joint installation with Perry ledge, the date to be announced later.

### Past Chancellors To Meet Here On Nov. 21

Past chancellors of the Knights of Pythias of this district will hold a banquet in Salem Saturday evening, Nov. 21, for which about 200 are expected.

This was announced after a regular meeting of Salem lodge No. 142 K. of P. Monday evening at the hall.

A delegation from the lodge will go to East Liverpool Tuesday evening and Harry Vincent, deputy lodge inspector, will conduct the inspection.

"Don't give a young person a book and tell him to read it, it will do him good," Mr. Alton said. "Go about it in a suggestive way and let the person feel that he is the one who is making the selection," the speaker advised.

"One of the great effects of books is the development of the imagination."

TOMORROW WE WILL BE CLOSED BETWEEN 1 AND 3 P.M. THE FAMOUS MARKET, OPPOSITE CITY HALL.

## Liquor In Bottles Painted White

Huntington, W. Va., Nov. 10.—A milk shop where milks much stronger than milk were sold is closed here today, as a result of a raid last night by federal prohibition agents.

Herschel Johnson, proprietor of the "milk depot" was placed under arrest on charges of violating the prohibition laws.

The agents said they found several gallons of moonshine in milk bottles that had been painted white.

The visitors are to settle the first definite move to settle the Anthracite strike is in motion.

Gov. Gifford Pinchot of Pennsylvania, effected a settlement of the hard coal strike two years ago when miners and operators could not agree on a new wage scale, has taken the initiative. He was waiting today for replies to letters he sent to John L. Lewis, president of the United Mine Workers, and Maj. W. W. Ingalls, chairman of the anthracite operators' wage committee, to meet with him and discuss the controversy.

Pinchot suggested to Lewis that they meet Wednesday in Philadelphia for a discussion. He proposed to invite the operators' committee to meet in Harrisburg Thursday.

After talking separately with Lewis and Ingalls, he feels that the differences of the two leaders could be merged and a resumption of wage negotiations brought about. Pinchot will suggest a joint conference with this object in view, it was said today.

The auxiliary has accepted the invitation from the legion to march in the Armistice day parade. The members are asked to meet at their room at 1 o'clock.

The play will be produced here by special arrangement with Samuel French of New York.

## ART MAY BE ART. BUT LAW IS LAW

Birmingham, Eng., Nov. 10.—Art may be art but law is law in Birmingham.

Pawlows has been advised that if she wishes to dance in Birmingham tonight, she and the members of her troupe must don tights, for the Birmingham laws prohibit bare-legged dancing, even in the name of art.

Here is the cast of characters—Mr. Andrew Bullivant, Cloyd Raynard; Keble, Orlon Naragon, Merritt; Don Thompson; Dawson, Vincent Judge; Virginia Bullivant; Nellie Hadden; Ernest Heron, Kenneth Kelly; Mrs. McLaren, Dorothy Flick; Susan, Mrs. Chester Chalfant.

The play will be produced here by special arrangement with Samuel French of New York.

## Wisconsin And Florida

WHEN one of the wealthy residents of Milwaukee died recently it was discovered he had established a legal residence in Florida two years ago and his estate, supposed to be worth about \$50,000,000, will be distributed under the laws of the southern state. Wisconsin has laws that are broad and inclusive in provisions for taxation of estates in distribution. The laws are termed severe in comparison with laws on the same subject in other states. Florida has laws that were framed for the purpose of inviting men of wealth to become citizens there. Taxation is much lighter than in other states, and other features are in the law for the purpose of attracting large wealth to the state.

Experts have taken the estimated amount of the fortune and the cost of distribution under the laws of the two states and are able to figure out a saving of many thousands to the estate by having it distributed under the laws of Florida. The southern state officials are delighted that the Wisconsin man made his fortune a citizen of that state. It provides important publicity for the laws in force there, in comparison with laws of Wisconsin that were not framed for the display of governmental friendship for wealth. Wisconsin has devised inheritance and other forms of special taxation, the justice of many provisions never having been admitted by the very wealthy, while Florida wants wealth to come to the state and remain there and has framed laws that are cordial and friendly.

New Jersey became the home of thousands of rich corporations during recent years because laws were passed in that state that were an open invitation which that form of business was quick to accept. Business can be attracted by laws and business can be driven away by laws. Wisconsin is denying the fact that the rich man and his estate had become actually citizens of Florida, may contest the distribution of the estate there. If so, the various lines of thought in the legislation of the two states will be placed before the public. Just now the indications are that Florida has the estate and will be able to hold it for distribution.

## England's Armistice Day

LONDON will observe the Armistice day anniversary quietly and solemnly. The Prince of Wales has thrown the weight of his influence on the side of those who hold that Nov. 11 should be devoted to the expression of gratitude that on that day the greatest of all was ended. For several weeks the English have debated the question, opinion being sharply divided. London's West End will celebrate the following day with costume balls and gay dinners in the hotels.

Henceforth Armistice day to the British becomes a day of mourning rather than the occasion for celebration of victory over the German army. It remained for a London vicar, the Rev. Dr. H. R. L. Sheppard, to question the propriety of holding riotous celebrations on Armistice day. Dr. Sheppard suggested that the money spent on balls and dinners might be contributed to the hospitals as a means of expressing the "solemn reverence and gratitude in which a people may remember its duty both to the living and to the dead." His suggestion was accepted widely, and now there is every promise that the celebration of Armistice day will take on a wholly new character.

Profound changes in the attitude of the British people have taken place in the last seven years. As Dr. Sheppard has expressed it, the "heartache of a tender and thankful remembrance" still exists, and to many the passing of the years has served only to increase it; the "glorious victory" has not been forgotten, but it does not flood the memories and fire the enthusiasm of the English as it did in the years immediately following 1918.

## STUDENT KILLED WATCHING BLAZE IN LUMBER PLANT

Columbus, Nov. 10. Efforts were being made today to determine the cause of the fire at the J. H. Zinn Lumber Company's plant in the northern part of this city, which resulted in the death, indirectly, of Donald J. Messenger, 22, Marion son of J. E. Messenger, Marion county treasurer, the injuring of four firemen and destruction of property valued at \$50,000 last night.

Young Messenger, a freshman at Ohio State university, accidentally fell from the roof of a sleeping porch at the Phi Chi Medical Fraternity house, West Ninth ave., when, with other medical students, he sought to obtain a better view of the burning lumber yards.

Falling three stories, he sustained a fractured skull, broken jaw, fractured arms and internal injuries, when he struck a concrete pavement. Death occurred about an hour later at University hospital.

Q. Why is Fire Prevention week held in October? G. C.

A. It commemorates the anniversary of the Chicago fire, Oct. 9, 1871.

Q. Are there many glaciers in Canada? F. N.

A. The Rocky and Seikirk mountains support thousands of glaciers, generally not very large, but having some 50-100 square miles of snowfield. All of the glaciers are now in retreat with old tree-covered moraines. One of the most important is the Illecillewaet glacier on the Columbia river.

Q. What are gamma rays? S. L.

A. They are radiations from radium and other radioactive substances. They can not be deviated by an electric or magnetic field, and are considered to be a "hard" type of Roentgen rays.

Q. What did the names Simon and Peter mean? C. W. H.

A. Some authorities say that Simon meant a movable stone, while Peter meant immovable rock.

Q. Will the breath of the spread-

in Viper or puffing adder kill a person 20 feet away? S. C.

A. Contrary to the superstition regarding this reptile the spreading viper is harmless. It is not poisonous and the teeth are too short to inflict a wound in case the snake did strike at a person. One of the peculiar habits of this snake is that of feigning death, which it accomplishes by rolling over on its back. When turned over it immediately resumes this absurd position.

## GULLIBLE LOSE HUGE SUMS IN FRAUDS

Swindlers Have Picked \$1,400,000,000 From The Pockets Of Americans In The Last Year.

New York, Nov. 16.—Swindlers this year have picked \$1,400,000,000 from the pockets of gullible Americans in the sustained through miscellaneous "indirect and non-traceable" business swindles.

Other surveys independently conducted by the American Bankers' Association, the Better Business Bureau of New York, the Business Research Bureau at New York University, and the National Association of Credit Men.

The grand total of losses by investors in financial and commercial frauds during the previous 12 months was estimated at not more than \$1,600,000,000. This figure coincided with the unofficial estimate of Postmaster General New.

Conditions disclosed during their most recent investigations have led the institutions named to reach the general conclusion that crime in business is keeping pace with the rapid spread of crime by violence in America, about which even President Coolidge has publicly expressed concern. The concurrent conclusion is that the American "sucker list" is longer than ever before in the nation's history.

**Many Business Swindles**

An investigation independently conducted by the National Association of Credit Men reveals that outright commercial frauds cost the nation's States normally would be at least \$250,000,000 annually. To 325,000. He deplores the failure of

the average investor to examine the merits rather than the color of the certificates, he says, and adds: "Too many of us are satisfied when we are told that a particular stock will double in value every morning before breakfast, or that all the dividends of such-and-such a company, placed end to end, would reach to a federal penitentiary." He concentrates his attack upon the prevailing widespread speculation in real estate which in many cases he believes could be more properly described as "amphibious houses."

"An amphibious house is one that spends most of its time under water," he explains. "A building lot should be bought from earliest infancy just to grow too fast for the water. Many of the choice building sites being offered the public today could easily swim the English channel."

**On Trial of Swindlers**

A more serious attitude toward the situation is taken by E. H. Tregoe, executive manager of the National Association of Credit Men. Conditions uncovered by his organization's survey of crime-in-business resulted in the appropriation of \$1,000,000 with which to aid in the detection and public prosecution of perpetrators. Now Mr. Tregoe announces that another \$1,000,000 fund is being negotiated for pursuing the purpose.

Analysis of the results of surveys brought to light in each case two outstanding features. The first was that for every woman named in the national "sucker list," eight men were named; the second was that worthless oil stocks had taken the great proportion of the investment.

Although for years the country

has been brought

to grief by

such swindles,

the annual quota for the United

States normally would be at least

### POSTAL REVENUE GAINS \$32,000,000 BY HIGHER RATE

Washington, Nov. 16.—The post office department will show an increase in revenue of approximately \$2,000,000 for the next fiscal year as a result of the higher rates in the present postal law, Harry S. New, postmaster general, told the congressional joint committee investigating postage rate revision.

New estimated the total revenues

Seven tons of our best coal will heat the average two-story house all winter in place of nine or ten tons of ordinary fuel.

Some folks call it the "lazy man's fuel" because you only have to fire your furnace once in the morning and once in the evening—and clean out the ash pit once a week.

Use this coal and you'll have a warm house all the time—but no soot nor cinders—and the wife will never need to touch the furnace.

## CITIZENS SEARCH MOUNTAIN NOOKS FOR BOY OUTLAW

**Scion Of Wealthy Vermont Family Escapes From Southern Pen.**

### SHOOTS CHIEF OF POLICE AND FLEES

**Story Of Young Man's Life Reads Like Novel; Is 25 Years Old.**

Ashland, N. H., Nov. 10.—Carrying orders to "shoot to kill" two hundred armed citizens were searching every nook and corner of the mountains near here today for "Dell" Fellows, 25-year-old outlaw.

Fellows, scion of a wealthy Vermont family, escaped from the state penitentiary in Nashville, Tenn., three weeks ago in order to see his two week old baby.

While Chief of Police George Dow was attempting to arrest the fugitive late yesterday in the street here, Fellows drew a revolver and pumped five bullets into the chief, probably fatally wounding him.

Determination to get Fellows "dead or alive" was in the heart of every member of the big posse today as the mountain sides were tramped.

**Reads Like a Novel**

The shooting of Chief Dow and the man hunt which followed furnished a new chapter in the story of the life of a wealthy young man gone wrong that reads like a novel.

He was christened George Ordell Fellows. His parents are highly respected and wealthy residents of Canaan, Vermont. At an early age, residents of Canaan said, the boy, who was called "Dell," was hard to control.

While still in school he was involved in a shooting affair at Granby, Vermont, in which Michael Nolan was seriously wounded.

Eluding the officers of the law, "Dell" Fellows jumped aboard a freight train and made his way west. His father adjusted the troubles with Vermont authorities.

**Elopes With Pretty Girl**

The next heard of Fellows he was serving in the Marine corps and he is said to have made a brave and excellent soldier.

After his term of enlistment was up, "Dell" returned to Vermont and began a career as school teacher in Lanesburg school.

Early in his life as a village schoolmaster, young Fellows eloped with Miss Marion Bunnell, known as the prettiest girl in the town.

A few weeks later, "Dell" Fellows was in trouble again. The village minister called at the school one day to suggest that discipline was lax in the school. Fellows promptly grabbed the clergyman by the collar and threw him bodily from the school house.

He was arrested and placed in the Lanesburg jail. Securing a saw by some means unknown, Fellows cut the bars of his cell and escaped. A posse followed his trail to a farm house where the young school master was cornered.

Hunted In Mountains

When Fellows came downstairs in the farm house he carried a coat over his arm and beneath it had concealed a sawed-off shotgun.

He deputy sheriff, an elderly man, in charge of the posse was struck over the head by Fellows. As the deputy fell, Fellows jumped through a window of the farm house and escaped in the woods.

For months the young fugitive was hunted in the mountains. His name became a terror in every household in the north country.

Fellows' knowledge of woodcraft made it possible for him to travel the mountains for weeks until he reached Plymouth, N. H. At Plymouth he is alleged to have stolen an automobile.

Driving back into Vermont through the card of men on the lookout for him, the young outlaw picked up his young wife and started south.

In the Tennessee mountains the young couple were arrested. Fellows was sent to the Nashville prison but his wife was released because she was soon to become a mother. The child was born soon after she returned to Vermont.

Captain of Police Couley testified that at the hospital McLean told him that there were no words between him and Anderson, but that McLean said to him that "G" was shot me."

Officer Cline said that after Anderson had been taken to jail in Liverpool "you could tell he was drinking."

## MARKET REACTIONARY

New York, Nov. 10.—The stock market was reactionary at the opening today, with industrial and motor stocks showing decline of from 1 to 4 points. Oil and railroad stocks were irregular, with price trends moderately lower.

General Electric opened 4 points lower at 317; General Motors lost 3 points at 142; Chrysler Motor was down 3% at 230%; United States Steel down 5% at 134%; American Can down 2% at 252%; Anaconda Copper down 5% at 50%; Kennecott down 1% at 59%; Studebaker down 1% at 61%; United States Rubber down 1% at 122%; Brooklyn Union Gas down 1% at 35%; Hudson Motors down 3% at 96%; Mid Continent Petroleum down 1% at 31%.

The market was steady in the first period, with fractional recoveries in the industrial and oil stocks.

A flood of speculative selling entered the stock market in early trading today as a result of uneasiness over the money situation, inspired by the advance in the Boston Reserve bank's discount rate to 4 per cent, effective today. Little significance was attached to the fact that money conditions here were not identical with those in the Boston district, and that commercial borrowing there had expanded much more rapidly than in New York.

Apprehension with respect to the raising of the New York rate which has existed for some months past, exerted itself in full force, and traders ordered their stocks sold "at the market."

First prices in DuPont, Chrysler, General Motors, Studebaker, American, General Electric and other speculative leaders showed declines of from 1 to 4 points with every department of the market bending under the weight of hurried selling. There were a few exceptions to the rule, principally in the mercantile stocks. The low-priced oils and the railroads came to the support of their favorites and outside buying buying made its appearance at the lower prices, resulting in sizable recoveries all along the line.

Baltimore & Ohio and New York Central led a moderate rally in the railroad stocks and sold a point above Monday's close. Pacific oil renewed the sharp advance which was in progress at the close of yesterday's session, starting a recovery in oil stocks which was participated in by Mid Continent, Pan American, Texas company and Maryland; Baldwin Locomotive, DuPont, United States steel, General Motors and American Sugar gradually climbed back to higher levels, while Sears Roebuck raced up to 232 for a 5 point gain, leading the mercantile stocks into higher price levels. United States Steel was comparatively inactive while awaiting the monthly forward tonnage report at noon.

Call money renewed at 5 per cent, unchanged from Monday's close.

## CHOOSING BOOKS

Continued from First page  
tion. Those who have read a great many books in early life are easier to teach.

Much of Mr. Alan's talk was personal experience told in an interesting way about the books that he had read in the various stages of his life and their influence. When he was just learning to read an aunt presented him a copy of "Robinson Crusoe" written in one syllable words and he told how he fairly lived the story and became its hero himself.

Barring the Bible, of all the books Mr. Alan had read he stated that Victor Hugo's "Les Miserables" had the greatest influence on his life. He said he was fond of poetry and that a great many poems had influenced his life.

Miss Doris Chandler of Salem Community Service, read a few poems to young children, after Mr. Alan's talk.

The guests were then invited to

stay for tea and examine the various books on exhibit. The hostesses were Miss Judith Brooks and Mrs. K. L. Webster.

At 3:45 Wednesday, H. A. Wilson, agent executive, will speak on "A Boy's Reading," while Dr. E. S. Collier, pastor of the M. E. church, will give the chief talk at 3:45 p. m. Friday using as his subject "The Teen Age."

"Friends From Bookland," a playlet, will be presented at 10 a. m. Saturday, at the Memorial building, closing the celebration.

## DEATH NOTICES

### Rev. B. F. Combach

C. E. Burke of East Seventh st. received a telegram Monday night telling of the death of Rev. B. F. Combach, which occurred in a hospital in Meyersdale, Pa.

Rev. Combach was well known here having been pastor of the A. M. E. Zion church for a number of years.

The funeral service will be held in Meyersdale at 3 p. m. Wednesday.

### Funeral Notice

The hour of the funeral service for Mrs. Hiram Taylor has been changed from 1:30 p. m. to 2 o'clock Wednesday and will be at the First Presbyterian church.

### COUNSEL ADMITS BRIDE HAS SOME COLORED BLOOD

White Plains, N. Y., Nov. 10.—Counsel for Alice Jones Rhinelander, a-to-be bride of Leonard Kip Rhinelander, admitted in court today that his client had colored blood, in the trial of Rhinelander's action to annul their marriage on the ground his wife had concealed her negro origin from him.

The admission came in the opening address of Lee Parsons Davis, counsel for Mrs. Rhinelander, to the jury and after a conference of attorneys for both sides with Justice Morschauer "to simplify matters," as Davis informed court.

"At the beginning of this action, for the purpose of this record, the defendant interposed a technical denial as to the alleviation of colored blood," Davis said. "In the interest of the shortening of this trial the defendant's counsel withdraws this denial and for the purposes of this trial admits that she has some colored blood in her veins."

### Chicago Gunman Is Found In Hollywood

Los Angeles, Nov. 10.—Sought by the police of the entire nation following his last sensational shooting episode in Chicago, Martin Durkin, Chicago killer and gunman, has fled across the continent and found a haven in Hollywood, according to reports received by the sheriff's office through underground channels to-day.

Identification of the gunman was made by a former associate who was an operative for the sheriff's office. It was said.

### High School Notes

Rev. H. L. Miller, pastor of the First Christian church, and chaplain of the American Legion, gave a very interesting talk to the High school pupils in their Tuesday morning assembly. The main points in Rev. Miller's speech dealt with peace and brotherhood, and he brought out the fact that the love of one's enemies is possible.

The assembly was opened by the reading of the 46th Psalm by the principal, W. F. Simpson. He also announced that the High school would take part in the Armistice day parade. A solo, "Battle Hymn of the Republic," was sung by Mr. Grant, biology teacher.

## Rain, Depression And Suicides Usually Go Hand In Hand

St. Louis, Nov. 10. Rain, depression and suicide.

An interesting study of the records in the offices of the Weather Bureau and the coroner for the first nine months of 1925 shows that these three apparently walk through life to the end arm in arm.

While it cannot be said that bad weather is directly responsible for self-destruction, it goes almost without contradiction that when the clouds leak a depressive spirit prevails, followed by numerous suicides. It was true particularly in the period checked here, as in almost every instance suicides were noted to increase, either during or just following inclement weather.

This was brought out most strikingly in the comparison of the months of April, which had the greatest amount of precipitation, and July, when Old Sol was almost continuously smiling in the heavens. April had the greatest number of suicides with 19, while in July only five were recorded.

Of a total of 99 during these months only 22 of the suicides were women. Only three negroes ended their lives in that period, a comparatively low number for the race population ratio.

John A. McGroch, assistant professor of psychology at Washington university, when asked for an explanation of the effect weather conditions have on the mind, referred to views of Dexter of the University of Illinois on the subject. Dexter is quoted as saying:

"When the vital powers are depleted or exhausted from long nervous strain, then this phase of the comic environment makes itself felt. The groundwork of forgotten quarrels is remembered uneasy questions arise with regard to the future, and one gets tired of life."

"Weather is not the cause of suicides but some meteorological conditions so affect the mental states as to influence emotional balance, that ordinarily durable things become undurable."

The reason for the higher death rate among men is assigned by Mr. McGroch to the fact that men hold greater responsibilities than women; their failure affects more people than a woman's and is not as easily withheld.

Most suicides are married, thus being true of 67 of the 99 cases in St. Louis this year. The records classified the others as eight widowers, 22 single men, three divorced men, four single women, three widows and two unknowns.

Women apparently prefer poison,

## GREAT CAMPAIGN AGAINST LIQUOR PLANNED BY DRY'S

Chicago, Nov. 10.—A conference of all workers on the Anti-Saloon League of America will be held here today following the close of the great "crisis" convention last night, to map out a working program for the great campaign against violation of the prohibition laws.

The conferences will be held in sections according to the various committees of the organization and in a great many cases will be held behind closed doors.

The conference of the financial division will today make plans for the drive for \$1,250,000 considered necessary to carry on the new war against the liquor traffic. The workers will divide the country into sections for the great drive and announce plans for the launching of it.

The legislative section presided over by Wayne B. Wheeler, general counsel for the league, will discuss various legislative and political programs of the league. Among the legislative campaigns expected to be launched by this section through the league is the request for deportation of aliens who violate the prohibition laws, the provision of a jail term for those who purchase liquor and the localization of prohibition enforcement.

The appropriation of a budget to the support of the world league against alcohol is expected to take place today in a conference of representatives of the Anti-Saloon League and the organization. The world league against alcohol will get its major financial support from the league, according to high officials.

## COTTON CROP IS LARGER DESPITE DAMAGE BY RAIN

Washington, Nov. 10.—An increase of 160,000 bales in the indicated cotton crop of the United States was estimated today by the crop reporting board of the department of agriculture.

Rains and low temperature have done much damage to the crop west of the Atlantic states, which has resulted in lower grades and some field loss, the board said.

Much cotton is still in the fields in the central and western parts of the cotton belt and is subject to further damage and loss.

The estimated crop as of October 18 was 15,226,000 compared with an indicated crop of 15,386,000 as of November 1.

## A Sensible Talk to Girls, Women

DR. CALDWELL  
AT AGE 63

The average age for men is 44 as compared with 42 for women. In both sexes three groups of ages are standing, the first about 20, second about 45 and the third about 65.

With women love affairs were mainly the underlying reasons for their acts, while with the men, lack of money and jealousy were explained as contributing to their suicides.

Men usually succeed in their attempts while less than half of the women who take poison take a sufficient quantity to end their lives.

## METHODISTS HOLD DISTRICT MEETING

Dr. Collier, Salem Pastor, Speaks At Session In East Palestine.

Dr. E. S. Collier, of the Methodist church, spoke on "Making Christ Real to the People Today," at the Tuesday morning session of the 105 semi-annual session of the Steubenville district of the Methodist church which opened Monday evening in East Palestine.

The speaker Monday evening was Rev. C. E. Hauser, of the Hemline M. E. church, Steubenville, formerly of this city.

The other numbers on the morning program were as follows: Tues- day morning devotional in charge of Rev. R. N. Ball, following which was the organization of the conference; "My Program for the Year," Rev. F. A. Fowler, pastor of the First church in East Liverpool; discussions by Rev. D. W. Merrill and J. M. Shafer; "Making Christ Real to People To-day," Dr. E. S. Collier; "Our Causes," E. S. Collier, J. R. Jacob, F. C. Engle and C. F. Strecker.

Rev. W. E. Tilton of Lisbon was in charge of the afternoon devotional service, and the other numbers on the program were: "Training and Leadership," Dr. Foster C. Anderson; "The Pulpits are seen by the Pew," C. E. Oliver, East Palestine; "The Pew as seen by the Pulpit," Rev. E. W. Peters of Columbiana; "Area program," Dr. E. W. Orcutt.

At the evening session which begins at 7:30 p.m. Hon. G. P. Gilmer will talk on "Mission Fields Visited," Dr. Powell, district superintendent, presided.

## "THE FOUNDATION OF HIS HEALTH"

Among the thousands who have publicly expressed indebtedness to Tanlac for normal weight, health and strength is A. K. White, who recently said:

"The foundation for my present excellent health was laid by Tanlac. For months I had been run-down. I had lost all enjoyment for food and suffered great discomfort from indigestion. My liver was sluggish and that tired feeling was on me all the time.

"Three bottles of Tanlac relieved my troubles and started me off with a system so thoroughly toned up and renewed that I soon found myself feeling like a new man."

Tanlac is for sale by all good druggists. Accept no substitute.

Tanlac Vegetable Pills for constipation; made and recommended by the manufacturers of Tanlac.

## ALL SPECIAL TAX ASSESSMENTS ARE PUT ON DUPLICATE

Payments Must Be Made At  
Same Time Property  
Tax Is Paid.

All special assessments unpaid and due at the close of the June tax period, together with the special assessment due and payable December next, are being placed on the tax duplicate, and will be collected the same as tax on real estate and buildings, it has been officially announced.

At this time there is due and owing the various villages, cities and county in special assessment a total of \$103,206.76. This unpaid special assessments will be charged against all property benefited by public improvements, together with the special assessments due this year, which is expected to reach the total due last December, which was \$211,436.39.

There has been paid into the county treasury so far this year \$169,412.03 in special assessments, and this money has been charged back to the various villages and cities where the assessment was levied.

It has been made very plain that no real estate and property tax will be accepted in December or June next, against which there is an unpaid improvement assessment, unless the entire amount now due is paid at the same time property tax is paid.

Many of the unpaid assessments are long overdue, and where bonds have been issued in the various villages and cities for public improvements in anticipation of collection of assessments, the bonds have had to be taken up just the same, whether the assessments have been paid or not.

By laying out money on these special unpaid assessments, the various cities and villages have been hampered in going forward with other improvement legislation, and all because of the lack of funds.

### Must Pay All

Not for many years have special assessments been made a part of tax receipts—but this will be the case this coming December. It is a matter of record, it is claimed, that some property owners in the county have never paid any part of a street, sewer or road assessment since the assessments were ordered, although certain of the improvements have been completed years ago.

The new tax receipts will show a change against property, and also the amount of the special assessment due against that particular piece of property. Unless the full amount is paid as shown on the receipt is paid, no money will be accepted as part payment.

Because of the rule established now to collect special assessments, as has been laid down by the state examiners, money will be forwarded all cities

and villages at the next settlement period that is long past due, and a financial pressure will be relieved in all local village and city offices.

The largest amount of money due on unpaid special assessments is said to be due in East Liverpool, with Salem and Wellsville owed large amounts also.

There is also considerable money due the county on improved road special assessments, although it is admitted that those residing in the rural districts have given more attention to the payment of these special assessments than property owners in cities and villages.

### Yielded First Place

A Chicago firm advertising for a salesman received a reply from a man who said that he was the greatest salesman in the world. They engaged him and gave him three lines of goods to sell anywhere in the West.

After he had been away a week, and they had received no orders, they were surprised to get a telegram saying:

"I am not the world's greatest salesman. I am the second best. The greatest salesman is the man who got you to buy these goods."

A. C.'s Practice Tonight  
The Snyder A. C.'s football team will hold a practice at 7 o'clock tonight at the Columbia school. All players are requested to be out.

Last Sunday the Snyders were defeated by Washingtonville by a score of 13-0, the game being played at Centennial park. The Snyder line, the first half, played very poor ball, up in the last half after taking the ball down the field for a gain of 80 yards lacked the punch to put it over. Another game with Washingtonville on Nov. 22, will be played in Washingtonville.

On Sunday the Brookfield Aces of Sharon will come here for a game, scheduled for 2:30 at Centennial park.

## BOOKS FIVE BOUTS FOR BOXING SHOW

Caufield Extends Program At Memorial Building Wednesday Night.

Under the sponsorship of Promoter Charles Caufield, Salem fighters will be given an opportunity Wednesday night to see 10 first class batters in action. Caufield has arranged five bouts to be held at the Memorial building as a top-off for the city's Armistice day program.

In the main bout of the evening Happy Hartman of Canton will mix with the Alliance flash, Al Kindler, for an eight round mill. Both men will weigh in at 145 pounds and the bout promises good entertainment as both men are maulers of prominence.

Jimmy Zill of Youngstown and Jimmy Katz of Toledo, two 122-pound boys will mix it for eight rounds in the initial bout of the evening. Katz is perhaps the most outstanding bather on the menu inasmuch as he achieved considerable fame in his efforts to wrest the fly weight title from Frankie Mason.

Young Reagen is well known to Salem fight followers having battled here on previous occasions. He and Joe Corso of Canton are scheduled for a six round fracas at 118 pounds. Reagen is from Happy Hartman's stable, and since he and Corso are not in the habit of lavishing caresses on one another when they meet, this affair should take on many of the car marks of a grudge fight.

Young Dempsey and Tiger Flowers both of Canton and weighing in at 80 pounds, also appear on the ticket for a workout on the following day and reach its destination on Friday.

### Last Night's Fights

The fifth bout which Caufield has only recently scheduled, will give Babe Ruth of Massillon and Kid Corso of near Alliance an opportunity to push each other around. Both boys are in the 110 pound class.

The affair is scheduled to start at 8:15 sharp. Al Zill of Youngstown will referee.

This year marks the centennial of the omnibus, which made its first appearance in 1825, at Nantes, France.

## STRIBLING WAITS FOR MAJORITY TO BOX GENE TUNNEY

New York, Nov. 10.—Young Stribling, having declined to box Gene Tunney until after he has passed his 21st birthday, it was thought likely today that Mickey Walker and Tommy Malligan of England, might be lined up for a world's welter-weight championship bout as a feature of the Christmas fund show, December 23.

Tex Rickard, promoter of the show was expected to get in communication with Jack Kearns, manager of Walker, today. Malligan already has accepted terms.

Other possibilities for the feature bouts, suggested today, involved Tunney and Stribling in separate appearances, possibly against Jack Sharkey and Jimmy Maloney, Boston heavyweights.

## DARTMOUTH FACES BIG MAROON TEAM

Hanover, N. H., Nov. 10.—Dartmouth's unbeaten eleven faces what is generally regarded here as its sternest test of the season this week in journeying to Chicago for the season's finale with Alonzo Stagg's big Maroon team.

Not only was Chicago rated as Dartmouth's most dangerous opponent but the fact that the Green must spend almost two days on the train en route to Chicago was viewed with considerable apprehension.

The squad will leave Hanover on Wednesday, stop off at Flint, Mich., for a workout on the following day and reach its destination on Friday.

### NAIL MILL WINS: LEADING LEAGUE

The Nail Mill defeated the Silver Manufacturing Co. Monday evening by a 10-1 score, which places the former team at the head of the indoor league. The game was not as close as fans had expected it to be but furnished them with good baseball entertainment.

Mullins forfeited to Lyle Printing Co. by non-appearance.

Seventy-five years ago the most advertised commodity in hairdressers' windows was bears' grease, which the people of those days believed to be an infallible preventative of baldness.

New York—Johnny Grosso, Mount Vernon, N. Y., got the decision over Homer Smith, Kalamazoo, Mich., six rounds; Murray Gilfillan, New Haven, got the decision over George Le Rocco, New York, six rounds.

## MARANVILLE MAY FILL SHORTSTOP

Purchase At Waiver Price Shows How His Services Have Depreciated.

New York, Nov. 10.—What disposition will be made of "Rabbit" Maranville was not made known by Brooklyn officials, who announced his purchase Monday, but it was assumed that he would be used as shortstop next season, displacing Johnny Mitchell and others who have been tried at the position.

His passing to the Dodgers at the waiver price illustrated how great the Rabbit's services have depreciated in value during the recent season. When he left the Boston Braves to join the Pittsburgh Pirates at the start of the 1921 season his value was not less than \$100,000.

He played good ball for Pittsburgh, however, and when he was traded to the Cubs last season, he still was regarded as one of the National league's leading fielders.

But the Rabbit had a bad season in Chicago, his managerial duties appearing to place a great burden upon his playing. A broken leg, sustained during the training season, also seemed to slow Maranville up and his popularity in Chicago waned rapidly.

After his demotion to the ranks, the Rabbit's passing from the Cubs was regarded as inevitable.

### DAMASCUS

New York, Nov. 10.—Rumors of the possible passing of Zah Wheat to the Chicago Cubs were current today as an aftermath of the deal whereby the Brooklyn Dodgers got "Rabbit" Maranville from Chicago at the waiver price.

This short price for a player of Maranville's reputation was said to have behind it the likelihood that another deal was brewing between the Dodgers and Cubs with Wheat involved.

Wheat has been dissatisfied with his Brooklyn berth ever since he was relieved of the temporary management of the club some time before close of the last National league race.

## EUROPEAN TITLE HOLDER LOSES TO NEW YORK NOVICE

New York, Nov. 10.—Luis Vinez, lightweight champion of Europe, went the way of the other French champions in this country, when he lost the decision to Charlie Rosen, of New York, after 12 rounds last night.

Although the decision was an unpopular one with the majority of ring side critics, the fact that Vinez could not gain a decisive advantage over the comparative novice lowered his prestige considerably.

The Frenchman was outscored through the first five rounds but finished with a rush, meeting Rosen toe to toe and having the better of the slugging. At no time was either man in real danger although Rosen hit the invader several times in the early rounds with heavy overhead rights.

Fast footwork and a neat jab were Vinez's principal assets.

ZACH WHEAT MAY BE SENT TO CUBS

New York, Nov. 10.—Rumors of the possible passing of Zah Wheat to the Chicago Cubs were current today as an aftermath of the deal whereby the Brooklyn Dodgers got "Rabbit" Maranville from Chicago at the waiver price.

When Frank O'Hanlon, the 18th juror called to take his seat in the jury box in the case of the State of Ohio against George Anderson, of East Liverpool, was called, Anderson having been indicted for second degree murder for the death of Frank McLain, East Liverpool taxi driver, he was challenged for cause by Prosecuting Attorney Robert M. Brookes.

It developed that O'Hanlon was formerly employed by Mr. Anderson as an automobile salesman, and that after Anderson had been placed in the county jail, O'Hanlon had visited him for the purpose of adjusting their business matters.

O'Hanlon was sworn and testified while seated in the jury box that Anderson had paid him in full for his services by turning an automobile over to him.

Although Mr. O'Hanlon declared that it was his opinion that he could "sit as a fair and impartial juror," replying to a query put to all jurors, the court was of the opinion that Mr. O'Hanlon should be excused from serving in this case.

When remaining jurors were summoned into court room No. 1 where a jury case was to be tried before Judge Moore, Mr. O'Hanlon was sworn as a juror in that case.

## COURT NEWS

### Juror Is Challenged

When Frank O'Hanlon, the 18th juror called to take his seat in the jury box in the case of the State of Ohio against George Anderson, of East Liverpool, was called, Anderson having been indicted for second degree murder for the death of Frank McLain, East Liverpool taxi driver, he was challenged for cause by Prosecuting Attorney Robert M. ### Husband Asks Divorce

Declaring that his wife left him three years ago, and that they were married at Youngstown Jan. 8, 1921, Ethelene Folk has filed a petition for divorce from his wife, Martha Folk.

William Talbot, of Cleveland, is in common pleas court setting up the

grounds of three years wilful absence and also gross neglect of duty.

Folk resides in Salem, and his wife is said to be residing at 260 North Ave., Youngstown, under her maiden name of Martha Paulin.

Judge Glenn Coming

Judge Glenn of Coshocton has been invited to assist Judge James G. Moore in this county by Chief Justice Marshall and he will begin the term of assignment probably Monday, Nov. 30 and remain until the close of December term.

Judge J. B. Worley of Harrison county will preside in No. 2 court until the last Friday in this month.

It is the intent of Judge Moore to keep both No. 1 and No. 2 courts working actively and although this county has but one common please judge there is sufficient work to keep two courts working steadily.

Unless there is a change in the mind of the court, the present activity will continue in both court rooms during the January term. Although many old cases are being cleared from the docket, more new actions are being filed than are being disposed of hence the continued activity in both court rooms.

AT THE STATE  
"New Brooms" William de Mille's latest production for Paramount which opened at the State theater yesterday, is in reality a love story between a father and a son.

Wrecking a business but making a man out of a wayward and bumptious son are the things which the father does with his boy, Neil Hamilton, in this story, which is a fascinating comedy, centering around an American home.

There is also a love story between the girl Bessie Love and the boy, which is a delightful flash of romance and color.

In adapting this play of Frank Craven's to the screen, Clara Beranger has retained with her usual skill, the touches of comedy which made it such a successful play.

Phyllis Haver, who completes the trio of players featured in the production is a mercenary blonde engaged to Hamilton at the beginning of the story.

Hamilton, as Thomas Bates, Jr., thinks he knows more about running his father's broom factory than the old gent does, so the father turns over the plant to him to run for a year as he sees fit.

The picture which remains at the State two days, shows you just now he makes out.

Robert McWade, as the father, also appeared in the same role on the stage, Fred Walton, Josephine Crowley, Larry Steers and James Neill complete the cast.

### Appeal to Sentiment

To the citizens of Salem, men, women and children and to all ex-service men:

Do you remember seven and eight years back? Do your thoughts ever go back to the past? Do you still honor your flag and country, as you did at that time? Do you recall the days when the call to arms was given, the boys were enlisting, leaving home and loved ones, full of life and vim, going out to fight for home, loved ones and the flag of our country?

Do you remember the marches to the trains and the farewells that were given? Do you think of the loneliness, his absence from home, the workshop and his companionship? Do you remember the times you had when a big drive had been made, and a victory had been won? Do you remember when the Armistice had been signed, and the word had been sent

# SENATORS WOULD ACQUIT BLAZER IN LOVE MURDER CASE

Trial Raises Issue Which May Reach The Floors Of Congress.

Washington, Nov. 10.—If Dr. Harold E. Blazer, Colorado's "mercy slayer," were being tried before a jury of United States senators instead of a jury of farmers, he would be acquitted or put away in an asylum for taking the life of his legless, armless, mindless, huk of daughter.

The Blazer case has aroused intense interest in the capital because of the many intricate questions of law and science raised in the case.

Twelve members of the senate were picked at random today around the capital and asked to state what their attitude in the Blazer case would be if they were on the jury—in other words constitute a senatorial jury.

Of these twelve, three stood for unconditional acquittal, five voted to sustain the defense's plea that the aged doctor was out of his mind when he chloroformed his idiot child, and four voted merely a verdict of guilty.

Drafted for service on this unique jury were several former governors of states, several famous prosecutors, several great trial lawyers, business men and farmers. Most of them were fathers.

#### The "Jury's" Verdict

Only two declined to permit publication of their names.

The verdict was:

For conviction—Senators Francis Warren, (R) of Wyoming; Thomas J. Walsh, (D) of Montana; Guy D. Goff, (R) of West Virginia, and Thomas F. Bayard, (D) of Delaware, (4).

For acquittal—Senators Lynn J. Frazier, (R) of North Dakota; Cole Bleuse, (D) of South Carolina, and Senator "A" who won renown as an administrator of justice on the bench of a mid-western state, (3).

For insanity verdict—Senators Bur-

ton K. Wheeler, (D) of Montana; William J. Harris, (D) of Georgia; William H. McMaster, (R) of South Dakota; Thomas D. Schall, (R) of Minnesota, and Senator "B," who came to the senate after winning some of the greatest criminal trials in the west.

In expressing their opinions about Colorado's sensational murder case, the senatorial jurors indicated the trial has raised an issue which some day may be carried to the floors of congress. This is the question whether a state or national agency should be created to destroy human dervellets at birth. One juror, Senator Frazier, said he believed some authority should be established to determine this weighty problem.

## HIT BY AUTO, MAN FREEZES TO DEATH

### Unidentified Man Is Left Lying In The Alliance-Sebring Road.

Sebring, Nov. 10.—The body of an unidentified negro, aged about 40, was found Monday afternoon on the Alliance-Sebring road. Officials say he was frozen to death after being stunned by an auto being driven by a hit-and-run driver.

Examination of the body at the William Mossman funeral parlor showed a slight scalp wound, although there was no evidence of a fracture of the skull or other broken bones.

The body was found lying face downward in a ditch, about one mile west of Sebring.

It is thought that the man was struck by an auto, rendered unconscious, and slowly froze to death during the night or early morning.

Coroner M. E. Hayes is conducting an investigation.

Visitors to the tomb of the "unknown" warrior in Westminster abbey so frequently leave gold and silver trinkets, medals, brooches and rings on that sacred spot that a collection of several hundred pieces has already been made by the authorities.

For insanity verdict—Senators Bur-

## NOW YOU MAY TRY THIS VEGETABLE SYRUP FREE

This Is Your Chance to Prove That Toning Up Your Liver Will End That Tired, Run-Down Feeling. Build Yourself Up! Win Back Sound Digestion, Strength and Energy—Feel Your Very Best Again!

In his private practice Dr. H. S. Thacher demonstrated that such symptoms as Indigestion, Gas on a Sour Stomach, Belching, Dizziness, Colds that Hang On, Sick Headaches, Constipation, that Tired Feeling and a general Run-Down condition of the System are often the result of a Sluggish Liver—and that relief in such cases comes quickly when the Liver is properly Cleansed and Toned and the System is working normally again.

#### Why This Gives Relief

When working as Nature intended your Liver does three things necessary to keep you feeling your best. First, it purifies your BLOOD, every drop of which passes through the Liver every fifteen minutes. Second, your Liver furnishes the essences that are essential to perfect DIGESTION. Third, your Liver supplies the secretions Nature uses to lubricate your intestines so that your Bowels can move naturally, gently and regularly every day. When your liver becomes sluggish it cannot do these three things; consequently, you suffer from one or more of the symptoms above described.

## COLUMBIANA

In spite of the exceedingly bad weather Saturday and Sunday's wintry blasts, much interest was shown in the Columbian County Evangelistic rally of the Churches of Christ which was held at the Columbian Christian church, with sessions in the morning and afternoon and evening of both days.

The principal speakers were Rev. C. J. Sharp of Hammond, Ind., national superintendent of Group Evangelism, and Rev. Traverse Harrison, Cincinnati, world's superintendent of the Loyal Movement. In addition to these the ministers of the various churches of this faith in the county took part in the program.

Special musical numbers were enjoyed at all sessions. Dinner and supper was served in the church in the church basement Saturday noon and evening and on Sunday noon there was a basket dinner.

Relatives here have received word of the death of Oscar Lemmon Baker, of Rogers, which occurred at his home Sunday morning, following a long illness with pernicious anemia. He was 51 years of age, having been born in Elkin township, June 14, 1874, a son of Emmet S. and Louisa J. Baker.

Mr. Baker followed farming as his life occupation. He is survived by his widow, one sister, Ida Chamberlain of Signal, and three brothers, John E. and Ira Baker of Rogers and Dr. W. S. Baker of Columbian. Funeral service was held Tuesday at 1:30 p.m. at the Rogers Christian church with burial in the Columbian cemetery.

Columbian stores will close Wednesday at noon in observance of Armistice day. The Woman's Missionary society of the Reformed church, who will serve the annual banquet to the American Legion and their friends, announce that a number of tickets for the occasion are still available.

## TODAY'S RECIPES'

Ham Souffle—One pound chopped ham, one large slice bread, one-half pint milk, one or two egg yolks. Soak the bread (may use leftover toast or very stale bread) in milk for an hour or so, add ham and beat together. Combine with beaten egg yolks and turn into a buttered mold to bake. Bake in a moderate oven—350 degrees—for 30 or 40 minutes.

Breakfast Apricots—Soak in warm water about five minutes, wash well, separating those stuck together, and picking off little specks of dirt and fiber. Put into a good sized pan and more than cover with cold water. Soak all night. In the morning cover and simmer for 20 minutes. Sweetening to taste. About half a cup of sugar will make them fairly "sweet." They are a nice dessert served Engish fashion—with the juice—with a thin custard.

## THE AFTERNOON TEA TABLE

Cranberries are in the market. Why not use them for a sandwich spread for your teatime? Cranberry may be spread between thin, buttered slices of either white or brown bread, by itself or combined with cream or Dutch cheese.

## Proper Care Of A Finished Floor

Proper care of a finished floor is economy. If your floors need staining, varnishing, waxing, oiling, painting, or renovating now is the time to do the work and you are the person who can do it if you follow the instructions contained in the government booklet on Floors and Floor Coverings.

Francis makes his jumper in the regular overall style with the suspenders crossed in the back, and widening out in the front to make little pockets at the belt line. One of his smartest models comes in black velvet with a long jumper bodice and petticoat of which the scallops coming clear to the low waist were edged with ermine.

Jumper frocks give promise to be the most popular thing in evening wear, although one scarcely ever thought of them as very dressy affairs in the days gone by. Jenny is making them of gold cloth or gold and silver lame combined with soft colors. One in gold cloth finely pleated, forming the skirt, has a jumper of the same cloth embroidered in a conventional design of gold and green beads. The neck is cut square in both back and front and the jumper has tiny gold cord ties over each hip to make it fit snugly to the figure. Green and gold appear again in the afternoon frock, with the gold jumper prolonged into a tunic over a pleated skirt of green corded silk. With it is worn a coat of the same green corded silk, handsomely trimmed in red fox.

## STATE RETURNS NO FINDINGS AGAINST SCHOOLS OF SALEM

However, Examiner Files 83 Findings Against Other School Boards.

The report of the examination of all county school districts recently compiled by Miss Vivian Bowles, former school teacher of East Liverpool, but now with the Bureau of Inspection and Supervision of Public Offices, has just been filed with County Auditor Charles E. Hamilton and Prosecuting Attorney Robert M. Brookes. The examination covered the period extending from June 3, 1924, to Sept. 17, 1925.

A total of 83 findings is reported in the first section of the report, and for amounts varying from 37 cents, an amount claimed to have been overpaid on an account paid by the Washington township board of education, to \$2,700 deficit in the bond and coupon account of the East Liverpool school district.

## Nine Findings Paid

Of the list of findings listed in the examination report of 1924, nine have paid, and 41 findings are yet to be discounted.

Referring to the deficit of \$2,700 listed in the East Liverpool school district examination, the report declares that the "deficit is due to duplicate payment to the state treasurer for coupons in total amount of \$2,700, due June 1, 1924."

It is also noted in this report that the janitors employed in the East Liverpool schools are not under civil services, and then Miss Dowds goes on to say: "The clerk has been instructed that all janitors are required to pass a civil service examination given by the civil service commission of the city, and can be employed only from the eligible list so created. Section 486-8 G. C."

At the time this examination was made, the report discloses that the total in the clerk's fund balances amounted to \$26,879.32.

## Fail To Certify Funds

Only \$9,872.80 was on hand in the various funds of the East Palestine school district, according to the report, at the time the examination of the records was completed.

The surety bond of Clerk J. W. Davis of the East Palestine board of education expired April 1 last "and there is no evidence that such bond has been renewed," the report says.

"Mr. Davis' attention was called to this fact and he was advised to renew bond immediately."

Then the report says: "The clerk has failed to make certification of funds before paying any bills. As a result, the contingent and tuition funds are each overdrawn approximately \$6,700. What the board of education of this district is actually doing is using money in bond interest and sinking fund, levied for the purpose of paying the principal and interest on bond issues, and the money from the building fund, created from bond issues for purpose of erecting school buildings."

"In either case, the using of the money for any purpose other than the one for which it was especially created is an illegal transaction. The board is surely well aware of that fact, and while your examiner understands that boards of education have a big proposition to keep their schools running, yet such flagrant violations of the laws cannot be overlooked."

The records of the board of education

of the city of Salem were examined as of September 9 last, and at that time the balances in the boxes of all funds was placed at \$79,963.22.

There are no findings recorded in the report concerning this school district. It is disclosed, however, that there remains a balance of \$154 in a fund of \$300 bequeathed the Salem High sch. by Mary B. Haines for the worthy colored race. Until recently this money has been charged in the general fund, but it is now kept in a separate fund, and any interest earned by it will be added to the principal.

Concerning the audit of the records of the Salem Public Library association, a finding is made against the treasurer of the library trustees for compensation drawn by him. The report adds: "The attorney general ruled that the board of library trustees had no authority to provide compensation for the services of its treasurer."

Mr. and Mrs. Ralph Warner very pleasantly entertained the Saturday Night club in their home on Saturday evening. Mr. and Mrs. Morell Weikart, Mont Weikart and Ivan Davis won the honors in the contests. An elegant lunch was served by the hostess. Mr. and Mrs. Ivan Davis invited the club to their home the last Saturday evening in this month.

Mrs. Wm. Atkinson of East Palestine, Mrs. Thomas Akenhead of Sebring; Mrs. Harry Henderson of Lisbon and Mrs. Henry Richards spent last Thursday in the home of Mrs. John Kirtley and helped her celebrate her 7th birthday anniversary. She received a number of pretty gifts.

Honoring the birthday anniversary of their daughter, Mrs. James King, Mr. and Mrs. C. R. Taylor entertained in their home on Sunday. Those present were Mr. and Mrs. James King, daughters Charlotte and Doris; Mrs. Amelia Thompson, son Donald and daughter Lena, and Mr. Cenkle of Salem; Mr. and Mrs. W. Williamson and A. J. Avery of Youngstown; Mr. and Mrs. James Moore of Cleveland; Mr. and Mrs. Charles Blackburn and son of Lisbon, and Mr. and Mrs. A. L. Taylor of Greenford.

Mr. and Mrs. F. G. Davis entertained in their home on Sunday: Mr. and Mrs. Harley Roller and daughter Margie of Canton, and Misses Amanda Bilger and Clara Weikart of this place.

Born, a daughter to Mr. and Mrs. Edward Herrman, Monday, Nov. 9.

Mrs. Louis Greasel and son of New Buffalo, and Mr. and Mrs. Perry Miller of Columbian, were guests Sunday in the home of Mr. and Mrs. Henry Getz.

Mrs. Jane Simpson returned home on Friday after several weeks visit with her daughters, Sarah and Elizabeth, at Canton. Miss Sarah accompanied her mother home and remained until Sunday.

Twenty-two Pythian Sisters were royally entertained by the Tigredia temple at Leetonia on Wednesday evening. After the regular business session, contests and dancing were enjoyed and lunch was served.

The Ladies' Aid society of the Lutheran church will be engaged in visiting at the home of Mrs. Myron Davis this week. The ladies will be glad for any help they can get during the week.

The football game on Sunday between the Washingtonville Aces and Salem team resulted in a victory for the Aces, score 13-0.

Delaware, Nov. 10.—This city will be host to the Lower of Methodist church hood Nov. 11 to 18, when the annual meeting of the Board of Foreign Missions of the Methodist Episcopal church will be held at Ohio Wesleyan University here.

Many Methodist bishops, ministers

and laymen from all parts of the nation, and the missionaries now on furlough in the United States will gather here for the first session of the board ever to be held in the middle west or outside a large city. Past meetings have, as a rule, been held in New York City.

Ohio colleges will be represented at the sessions by scores of young men and women who are planning to devote their lives to foreign mission work.

## Black Cat Goes On Warpath, Boy Bitten

Columbus, Nov. 10.—There's nothing more unusual about a dog biting a man, but when a cat goes on the warpath, that's different.

One stray black cat is dead today because he bit John Harrison, 11, on the leg. City health officers are examining the body to determine whether the cat was mad.

if asked to try a substitute for Mother's Oats. That is if you want real Mother's Oats flavor, that famous Scotch flavor, in breakfast oats

THERE is only ONE way to get the true Scotch flavor in oats which distinguishes Mother's Oats flavor . . . and that is by getting the Mother's Oats brand.

Oats was originally a Scotch dish. It must have true Scotch flavor to be at its best.

Remember this, for your own sake, when tempted to "try" some ordinary brand.

That flavor is milled in. Nobody as yet has successfully imitated it. Grown-ups and children who ordinarily don't take to oats, respond to this unique flavor. And flavor, as

you know, is the all-important point in food.

Milled under exclusive Mother's Oats methods applied to the finest, plumpest grains. Quick Mother's Oats is the world's fastest cooked breakfast dish. Takes 3 to 5 minutes. That's faster than plain toast.

Due to Mother's Oats milling methods, it supplies, too, the "roughage" you need to make laxatives seldom necessary.

Look for the picture of the Mother on the label. See that it is there before you buy breakfast oats.
